Lost Cause

by MiaQc

Summary

For the love of her country, a woman goes to war but this war is a lost cause.

- A translation of Guerre perdue d'avance by MiaQc

One woman among many loves her country. When it declares war on its neighbor, the woman becomes a soldier and goes to war. The more she kills, the more her soul breaks. Her hope grows weaker and weaker. This war is lost before it even begins. The country she loved so much wanted to grow, no matter the sacrifices. Sleeping lightly in a trench, the woman has incessant nightmares. Waking up to the sound of cannons and guns, she thought of taking her own life but that would bring dishonor to her country. Her love for her country remains within her despite this cursed war. A war that could kill her at any moment. A war that cannot be won.
